

## COVERS ABK

- for Terminal Blocks of 500, 1000 and 1500 Series 2 - 12way

### ABK 405 - ABK 406 - ABK 415

These covers serve as protective device against accidental contacts and can be used with our terminal blocks of no. 500 (except 500 SK II), 1000 and 1500 series.

These covers are available in any number of ways from 2 to 12.

After fixing of the terminal blocks the covers can simply be pressed on and will be retained in the mouldings.

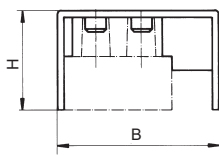

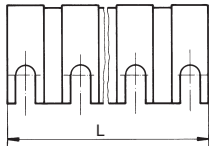

On the mains supply side the covers are larger than the terminal blocks, so that eventual parallel connections will also be covered.

We are also able to supply printed covers, or covers with fixing holes, if required. Quotation on request.

#### Material

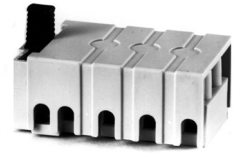

Polyamide 6/6, grey  
Continuous working temperature: 100° C  
Short-time temperature: 160° C

### ABK 405, 406, 415
